- Can normally deliver within a week of order
- Can be offloaded by crane
- Best for large projects with machinery on site - Minimum 24 Tonnes load required
- Can carry 28 Tonnes of products
- Approx. dimensions: Length 16.5m, Height 4m, Width 2.4m

## IMPORTANT NOTES

- Consideration must be given to anything that may restrict delivery to a site, from the size of the road, to height clearance (bridges and overhanging trees) and space for the vehicle to manoeuvre.
- In some cases sites can be so restrictive, an option to consider may be that of ordering through a merchant into their yard, and delivering on their vehicles.
- We want to deliver products to the best location for your project ON TIME, the FIRST TIME. If you are unsure of the requirements, contact your Area Sales Manager to arrange a site visit.

### Moffett Forklift

- Available with the Curtainsided vehicles (Type A and B) above
- Manoeuvrable and efficient offload facility
- Adds approx. 1.5m to overall vehicle length

## ALTERNATIVES

- We do have a number of stockists, and we are happy to provide details of the most convenient for you. Most of these are in the South-East of England.
- We are happy for you to collect from our manufacturing plant, or indeed arrange your own transport to collect and deliver to your site if this is more convenient for you. Collection times are 7am to 3pm, Monday to Thursday, and until 2.30pm on Fridays.
- Our manufacturing plant's address is:  
Bridle Way  
Bootle  
Merseyside  
L30 4UA
